

Quality By Design is Recruiting!

Quality By Design is currently seeking someone who is ambitious, willing to learn, mechanically inclined, with knowledge in the field of diesel mechanics. The job scope will include but will not be restricted to; repairing vehicles (diesel and gas), Tractors, Trailers, as well as various other farm equipment. Welding experience is a plus. The applicant will have to be willing to learn all aspects of carpentry and other related trades. All skills will be taught under a seasoned professional. It must be understood that Quality By Design will be investing in you long-term, therefore willingness to learn and ambition will be the most sought out attributes for this position.

This position will be started at a wage of \$11-\$12/hour with full benefits, but toward the end of the applicants training (estimated to be about 3 years) will be looking at the \$20/hour range.
